This Cookie Policy explains how **JETPAX Pty Ltd**, trading as **JETPAX**, uses cookies and similar technologies on its website. It should be read with the Privacy Policy.

### 1 What cookies are

**1.1** Cookies are small text files placed on a device when a website is visited. They help a site function, remember preferences and provide information about how the site is used. We also use similar technologies such as pixels and local storage; references to "cookies" include these.

### 2 Categories we use

- (a) **Strictly necessary** — required for the site to function, including security, load balancing and remembering cookie choices. These cannot be switched off.
- (b) **Functional** — remember preferences and improve experience.
- (c) **Analytics / performance** — help us understand how visitors use the site. These are aggregated and, where possible, do not identify the individual.
- (d) **Marketing** — where used, help us measure and tailor communications.

**2.1** A current list of the specific cookies we use, their purpose and duration, is available in our cookie-preferences panel.

### 3 Consent

---

- 3.1** For visitors in the European Union, the United Kingdom and other regions that require it, non-essential cookies are set only with consent, collected through our cookie banner on first visit. Consent may be changed or withdrawn at any time through the cookie-preferences panel. Strictly necessary cookies do not require consent and are always active.

### 4 Managing cookies

---

- 4.1** Cookies may be managed through our cookie-preferences panel and through browser settings, which allow cookies to be blocked or deleted. Blocking strictly necessary cookies may prevent parts of the site from working.

### 5 Third-party cookies

---

- 5.1** Some cookies are set by third-party services we use, such as analytics or content providers, which process data under their own privacy and cookie policies.

### 6 Changes

---

- 6.1** We may update this Policy as our use of cookies changes. The current version is published on our site with the effective date above.
